Team work event

This year we celebrate Janelle and Brian being sole owners of SBH for 10 years. We celebrated as a team this month by going out for dinner and go karting.

Winter is here

Winter is upon us, definitely noticing the cooler mornings and evenings. Our team has been busy with cow races, helping the farmers get ready for the next season and calving ahead. Our line haul trucks have been carting potatoes, keeping chip and dip going in your households for the winter months. Stay warm out there, spring will be here before we know it!

We would love your feedback.

We are keen to get some customer feedback on how you find our work and service.

Please email any feedback to tash@shannonbulk.co.nz

HARD AT WORK

Our team hard at work. Did you know we have a digger, grader and roller? We can complete that whole cow race job for you. No job too small. Touch base for more information

Picture of the month

Safer Winter Driving

How to spot ice and snow on the roads

- Look out for shaded areas caused by high banks and tall trees where roads freeze sooner and ice may not thaw during the day.
- Bridges could also stay slippery longer than other road surfaces, so slow down when crossing.
- Frost is more severe at daybreak so be prepared for this after it becomes light. While it may not be frosty at 6am, it could be an hour or two later.
